

BONALDO

Maximilian

Designer: **Sergio Bicego**

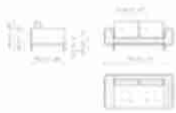

Characterized by refined aesthetics and iconic character, the Maximilian seating system is capable of furnishing the living area with style. Not a simple sofa, but a modular collection of elements that offer a variety of configuration possibilities, useful for designing the living area in both residential and contract settings. In addition to its generous upholstery, contrasting with the slender metal feet, the most striking feature of this sofa is the stitching on the upholstery that embellishes the backrest and seat, and which recalls the typical elegance of the 1950s. A

series of leather accessories complete the Maximilian collection to achieve a perfect aesthetic and a functional performance: among them, the armrest, the magazine holder armrest and a small table; they stand as distinctive elements of a versatile, elegant and understated project. The extraordinarily wide range of elements, materials, and finishes is one of the most important added values of the entire Bonaldo collection; when it comes to the Maximilian sofa, this versatility represents a key element to fully satisfy different design requirements.
