

Mille

Designer: **Bartoli Design**

A design conceived to furnish and characterise the spaces, thanks to the transparency of the glass top combined with the numerous steel legs, thin tubular elements in chrome-plated steel or in bronze or lead mat painted metal that vary in number and position, depending on the sizes and shape of the top, in order to

ensure maximum stability and visual coherence. Mille is a fixed table that seems to possess all the harmony and dynamism of a transparent body in motion. Suitable for private residences and contract contexts, it is available with round or round-edges top and in many sizes in order to meet all hospitality needs.
