

# Outline

Designer: **Mario Mazzer**

The distinguishing feature of the Outline sideboard is wood, more specifically the warm canaletto walnut finish used for the entire frame. The top, which is slightly inset to emphasise the warmth and the quality of the wood, can be made of two different materials: in canaletto walnut, like the frame, or in ceramic to create an elegant contrast with the wooden frame. The base is available in two

variants: with low feet, for those who prefer minimal silhouettes, or with diamond-shaped metal feet, for those who prefer objects with a strong personality. Available in the version with three or four doors, Outline stands out for the generous proportions and refined but discreet design, embellished by the choice of precious materials.
